Business, Economics and Law (BEL) Relocation Bursary

Scholarship details
High achieving international students already living in Australia (outside the state of Queensland) may be eligible for this bursary to assist them with studying business, economics or law undergraduate or postgraduate coursework programs (excluding the MBA program) at The University of Queensland.

Award value
• A one off payment of $3000 to assist with the costs associated with relocation.

Eligibility
• International students who already are in Australia and living outside the state of Queensland.
• Students who have received an offer for a relevant undergraduate or postgraduate coursework program and who are commencing students at UQ.
• The bursary is awarded on the basis of academic excellence. High achieving students are strongly encouraged to apply.
• Students must not simultaneously hold another bursary and/or tuition-fee scholarship award.

Application deadlines
30 November for Semester 1 commencement
30 May for Semester 2 commencement

“At UQ I have been able to enhance not only my academic performance but also my interpersonal and communication skills. I’ve had lots of opportunities to make new friends and take on new challenges. Plus I feel at home in Brisbane and the weather is great!”

Doreen Wu
Master of Commerce
Welcome to Queensland
The University of Queensland is located in Brisbane, the capital of the state of Queensland. Business, economics and law students study at the University’s St Lucia campus, only 7km from Brisbane’s vibrant city centre.

Brisbane is a gateway to some of Australia’s most magical experiences including the Great Barrier Reef, World Heritage-listed rainforests, pristine surf beaches as well as encounters with koalas, kangaroos and wild dolphins.

Popular activities in Brisbane include swimming at Australia’s only inner-city, man-made beach at South Bank, kayaking on the Brisbane River, or climbing the Story Bridge for a 360 degree view of this river city.

With a subtropical climate, Brisbane delivers an average of 283 days of sunshine every year.
