The Boeing Aerospace Engineering Scholarship

(The scholarship was established in 2016 and is maintained by an annual gift from Boeing Australia.)

1 Purpose
The purpose of the scholarship is to encourage and support meritorious second or third year students who are enrolled in the Bachelor of Engineering or Bachelor of Engineering (Honours) program or Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering program.

2 Definitions
In these rules-
Associate Dean means the Associate Dean (Academic), Faculty of Engineering, Architecture and Information Technology
Approved undergraduate engineering program includes the Bachelor of Engineering program or Bachelor of Engineering (Honours) or Bachelor of Engineering / Master of Engineering program or Bachelor of Engineering (Honours) / Master of Engineering programs or a dual program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) programs.
Faculty means the Faculty of Engineering Architecture and Information Technology
Relevant field means any field of engineering in the following disciplines:-
(a) electrical engineering; and
(b) electrical and biomedical engineering; and
(c) electrical and computer engineering; and
(d) mechanical engineering; and
(e) mechanical and aerospace engineering; and
(f) mechanical and materials engineering; and
(g) mechatronic engineering; and
(h) software engineering
Scholarship means the Boeing Aerospace Engineering Scholarship.

3 Value and award of scholarship
(1) The value of the scholarship is $6,000 for one year.
(2) The Faculty may offer up to 2 scholarships each year on the recommendation of the Associate Dean.

4 Additional benefits
Boeing Australia may offer the recipient a scholarship any of the following opportunities -
(a) an ambassadorial role;
(b) an industry or research placement at any Boeing Australia site for any period during the period in which the recipient holds the scholarship, determined by Boeing Australia in consultation with the recipient.

5 Eligibility for award
An applicant is eligible for the scholarship, if the applicant -
(a) submits an application to the Associate Dean, by the closing date for applications; and
(b) is a domestic student within the meaning of the Fee Rules; and
(c) is enrolled full time in the second or third year of an approved undergraduate engineering program in a relevant field; and
(d) does not hold a scholarship that the Associate Dean considers to be similar.

6 Selection of award
(1) For the selection process, the Associate Dean must establish a selection committee comprising-
(a) the Associate Dean, or nominee, as chair of the committee; and
(b) academic staff members who are currently teaching in a relevant field.
(2) The scholarship is awarded to the applicant showing greatest merit as demonstrated by -
(a) academic achievement in courses undertaken to date in the approved undergraduate engineering program in the relevant field; and
(b) strength of interest that the applicant demonstrates in pursuing a career in a field of engineering relevant to Boeing Australia; and
(c) personal qualities, including leadership potential; and
(d) any other matter that the selection committee considers to be relevant to the applicant's future success in the engineering profession; and
(e) where all other considerations are equal, preference will be given to female or indigenous students.

7 Conditions for scholarship

(1) The recipient may hold the scholarship for up to 1 year, subject to the recipient -
   (a) continuing to be enrolled full-time in an approved undergraduate engineering program in the relevant field; and
   (b) passing all courses in which they are enrolled; and
   (c) achieving a GPA of at least 5 each semester of study; and
   (d) conducting themselves in a professional manner while performing an ambassadorial role or duties of industry or research placement.

(2) If a recipient fails to satisfy rule 7(1), the recipient must show cause to the Associate Dean, why the scholarship should not be cancelled.
