

The S.D. Golding Postgraduate Geochemistry Prize

(Established by Professor Sue Golding in 2018. Professor Golding is a treasured staff member and an alumnus of The University of Queensland. Throughout the 1970s she worked in resource exploration and production in Australia and South Africa. Sue played a major role in development and management of isotope geochemistry facilities in the School of Earth and Environmental Sciences, and this prize was established to recognize and reward excellence in a peer reviewed paper authored by a student.)

(a) Recommending authority

Associate Dean (Academic), Faculty of Science on advice from the Head of School, School of Earth and Environmental Sciences.

(b) Eligibility

The prize is open to students who have submitted an application by the due date and are enrolled in one of the following programs -

- (i) Bachelor of Science (Honours) (Geology)
- (ii) Bachelor of Advanced Science (Honours) (Geology)
- (iii) Graduate Certificate in Mineral Resources
- (iv) Graduate Diploma in Mineral Resources
- (v) Master of Mineral Resources
- (vi) Master of Philosophy
- (vii) Doctor of Philosophy

(c) Basis for award

Best peer reviewed published paper on geochemistry as decided by the School of Earth and Environmental Sciences Research Committee.

(d) Nature of prize

The annual value of the prize is equal to the annual income from the fund.
