(First established as a school-based prize in 1999, the prize has been maintained by McGraw-Hill Company Pty Ltd since 2002 and is now awarded by Senate.)

- (a) **Recommending authority**
Dean, Medical School.
- (b) **Eligibility**
The prize is available to students who are enrolled in the second year of the Doctor of Medicine.
- (c) **Basis for award**
The prize will be made to reward the two students who achieved the greatest proficiency in the Know (Knowledge) component of MED17200 Developing Skills in Medicine.
- (d) **Nature of prize**
Books to the value of at least \$100.

Measured Group Honours Prize

(Established in 2013 and maintained by a gift from Measured Group, a company established in 2006 by Lyon Barrett to provide high quality geological modelling, database management and resource evaluation in the Mining Industry.)

- (a) **Recommending authority**
Associated Dean (Academic), Faculty of Science on the recommendation of the Head, School of the Environment
- (b) **Eligibility**
Students who are enrolled in a Bachelor of Science (Honours) or fourth year of a Bachelor of Advanced Science (Honours) in the field of Earth Science completing a thesis in any of the following areas:
 - (i) coal; or
 - (ii) structural geology; or
 - (iii) sedimentary geologywith preference given to students undertaking coal related projects.
- (c) **Basis for award**
Highest GPA
- (d) **Nature of prize**
\$2,000.

Mechanical Engineering Mathematics Prize

(Established in 1983 and supported through an endowed gift by D.N.P. and J.P. Murthy.)

- (a) Head, School of Mechanical and Mining Engineering.
- (b) Final year students in the Bachelor of Engineering or Bachelor of Engineering (Honours) or the integrated Bachelor of Engineering or Bachelor of Engineering (Honours)/Master of Engineering program or dual program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) program in any field of engineering within the mechanical engineering discipline.
- (c) Best thesis which is mathematical in nature and deals with either basic engineering science or engineering management.
- (d) The annual value of the prize is approximately equal to the annual income from the fund.

Michael F. Hickey Memorial Honours Prize

(Established in 2003 in honour of Professor Michael Francis Hickey who joined the Department of Anatomy in 1942 as a full-time lecturer and held the Chair of Anatomy from 1959 until his death in 1968. In 1962 he introduced three anatomy courses for Science students, thus paving the way for the enrolment of future postgraduate research students. The prize is maintained by the School of Biomedical Sciences.)

- (a) **Recommending authority**
Head, School of Biomedical Sciences.
- (b) **Eligibility**
The prize is available to honours students at the School of Biomedical Sciences.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the highest overall mark in BIOM6191.
- (d) **Nature of prize**
\$250.

Michael French Prize in Psychology

(Established in 1983 as a memorial to Michael French, Senior Tutor in the Department of Psychology from 1975 to 1981 and maintained from the income of a fund subscribed by his wife, colleagues, students and friends.)

- (a) **Recommending authority**
Head, School of Psychology.
- (b) **Eligibility**
Third year students who enrol in a fourth year program in psychology in the following year.
- (c) **Basis for award**
Highest GPA in level 3 Psychology courses.
- (d) **Nature of prize**
Money to the value of at least \$300, but limited to the annual income from the fund.

Michael F Young Memorial Prize

(The Michael F Young Memorial Prize is a prestigious award that recognises the outstanding achievements of higher-degree research students in mineral processing. Funded by a generous donation from Michael F. Young's family and friends, the prize honours his legacy as a distinguished engineer and leader at Mount Isa Mines. Young dedicated his career to advancing the efficiency and sustainability of the minerals industry and was passionate about mentoring and supporting the next generation of researchers. The prize aims to encourage excellence and innovation in mineral processing research by supporting a postgraduate student studying at the Julius Kruttschnitt Mineral Research Centre (JKMRC) to spend time at another university or research centre, enhancing their experience and studies through collaboration with other researchers.)

- (a) **Recommending authority**
Director, Julius Kruttschnitt Mineral Research Centre (JKMRC).
- (b) **Eligibility**
The prize is available to higher degree by research students who are studying in the JKMRC on a topic in Mineral Processing whom their principal advisor nominates.
- (c) **Basis for Award**
The prize will be made to support the student who is the most outstanding nominee based on academic achievement, justification of the plan for visiting a collaborating research group in another university or research organisation and demonstration of its value to the development of the student, proper budget and cost justifications.
- (d) **Nature of Prize**
Up to \$10,000 based on the proposed budget in the nomination application.
- (e) **Other Provisions**
The student should demonstrate the capacity to help advance sustainable practices in the mineral processing field by researching novel approaches in mineral processing solutions, improving the efficiency of mineral processing units and reducing the negative impacts of mining whilst still advancing this critical industry globally.

Michael P. O'Donnell Memorial Prize

(Established in 1977 as a memorial to the late Michael P. O'Donnell and maintained by the income from a fund subscribed by his former colleagues, students and friends.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
The prize is available to undergraduate students.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the highest combined average marks in 6 units of level 3 pure mathematics courses, taken in one year or in 2 years if a part-time student..
- (d) **Nature of prize**
Money to the value of at least \$2,400, but limited to the annual income from the fund.

Microbiology Prize

(The award commemorates the work done by the academic staff appointed between 1949 and 1972 towards the development of a broadly-based Department of Microbiology, with the support of tutorial, research, technical and administrative staff and graduate students. Staff were: Emeritus Professor VBD Skerman (general microbiology, taxonomy, microbial data); Professor WJ Halliday (immunology); Emeritus Professor KJC Back (microbial metabolism); Dr JG Atherton (virology); Dr HW Doelle (fermentation technology); Dr AC Hayward (phytobacteriology); Dr GHG Davis (medical bacteriology); Dr DS Teakle (plant pathology); Dr IC MacRae (applied and environmental microbiology). The award was established in 2002.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
The prize is available to –
 - (i) Students who completed the Bachelor of Science or are completing the Bachelor of Advanced Science (Honours) program with a declared major in the discipline of Microbiology; and
 - (ii) are enrolled in the Bachelor of Science (Honours) or Honours component of the Bachelor of Advanced Science (Honours) program with a declared field of study in Microbiology in the year of the award ceremony.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the highest combined average marks across 8 units from the following courses, completed in the last 2 years with at least one course completed in the year of the award –
 - (i) BIOL3003;
 - (ii) MICR3001/MICR3901;
 - (iii) MICR3002;
 - (iv) MICR3003;
 - (v) MICR3004.
- (d) **Nature of prize**
At least \$1,500 but limited to the annual distribution from the fund.

Microeconomics Honours Prize

(Established in 2020 by the School of Economics and supported by donors.)

- (a) **Recommending authority**
Head, School of Economics.
- (b) **Eligibility**
Students completing the Bachelor of Economics (Honours).
- (c) **Basis for award**
Best overall performance in the compulsory course ECON6010 Microeconomics A and in an Honours thesis that:
 - (i) addresses a contemporary issue in any of the following areas: Microeconomic theory; Microeconomic policy; Competition and regulatory economics; and/or
 - (ii) uses empirical research techniques such as econometrics, cost-benefit analysis and operations research to investigate a real world issue.
- (d) **Nature of prize**
\$2,000.

Mining Engineering Program Prize

(Established in 2010 and maintained by annual funding from the School of Mechanical and Mining Engineering.)

- (a) Head, School of Mechanical and Mining Engineering.
- (b) Students graduating from the Bachelor of Engineering program (BE), or a dual program that includes the BE component, in any field of engineering in the mining engineering discipline.
- (c) Highest cumulative GPA in the BE program.
- (d) Medal.

MinterEllison Chris Douglas Memorial Prize

(Established in 2020 from a gift from MinterEllison dedicated to the memory of late Partner, Chris Douglas.)

- (a) **Recommending authority**
Head, School of Law.
- (b) **Eligibility**
Students enrolled in the Bachelor of Laws or Bachelor of Laws (Honours).
- (c) **Basis for award**
Highest overall marks for first attempt Law of Torts A & Law of Torts B or Law of Torts I and Law of Torts II and Law of Contract A and Law of Contract B or Law of Contract I and Law of Contract II.
- (d) **Nature of prizes**
\$2000.
- (e) **Other provisions**
The prize recipient may also be offered work experience or internship opportunities.

MinterEllison Prize in Law

(Established in 1977 and maintained by an annual gift from MinterEllison.)

- (a) **Recommending authority**
Head, School of Law.
- (b) **Eligibility**
The prize is available to students who have completed the Bachelor of Laws (Honours) or a dual program including the Bachelor of Laws (Honours) in the year of the award.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the highest overall marks in Law of Contract I: Principles of Contractual Agreement (LAWS1701), Law of Contract II: Principles of Contract Liability (LAWS1702), Law of Torts I (LAWS2702) and Law of Torts II (LAWS2703).

- (d) **Nature of prize**
\$2000.

M.M. Wilson Memorial Prize

(Established in 1995 as a memorial to the late Dr M.M. Wilson. Maintained by the income accruing on the sum of donations made by Dr Wilson's former students.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
Full-time Bachelor of Science or Bachelor of Advanced Science (Honours) students at the School of the Environment.
- (c) **Basis for award**
Highest marks in second level field mapping during the year for which the prize is awarded.
- (d) **Nature of prize**
Money to the value of at least \$300, but limited to the annual income from the fund.

Molly and Jim Ashe Memorial Award in Shelter Animal Care

(Established in 2018 by a donor in appreciation of her loving and devoted parents)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science after consultation with a selection committee which includes:
(i) A relevant University staff member in the School of Veterinary Science
(ii) A relevant University staff member from the Small Animal Clinics course
(iii) A relevant University staff member from the Centre for Animal Welfare and Ethics
- (b) **Eligibility**
Full time students currently enrolled in a course owned by the School of Veterinary Science
- (c) **Basis for award**
The prize is awarded to the person who applies and who has contributed significantly to improving the health and well-being of animals cared for in shelters. This contribution can be from research, student placements and/or through volunteering in an animal shelter.
- (d) **Nature of prize**
\$1,000.

MPN Consulting Structural Design Prize

(Established in 2019 and maintained by an annual gift from MPN Consulting.)

- (a) **Recommending authority**
The prize shall be awarded on recommendation from the Head, School of Civil Engineering, after consultation with a selection committee, comprising –
(i) Head, School of Civil Engineering
(ii) Course Coordinator for CIVL3350
(iii) one representative from MPN Consulting with University staff comprising the majority.
- (b) **Eligibility**
Any student enrolled in the civil engineering specialisation in the Bachelor of Engineering (Honours), or an engineering integrated program, or an engineering dual program, enrolled in CIVIL3350, and who opt in to undertake the structural design challenge.
- (c) **Basis for award**
Best performance in a structural design challenge set by MPN in consultation with the course co-ordinator.
- (d) **Nature of prize**
\$1,500.

Mr and Mrs Ho Prize in Electrical Engineering

(Established in 2019 and maintained by an annual gift from an alumnus to honour their parents. Mr and Mrs Ho are good role models to family, friends and the wider community. Mr Ho is the first among five siblings to receive a state sponsored scholarship to pursue a diploma in mechanical engineering in 1971. He has since built a successful career spanning Malaysia and Indonesia. Mrs Ho is the eldest of seven siblings. She grew the family business, helping put her siblings through school. Together, Mr and Mrs Ho have been loving, dedicated and faithful to their children. All three children have managed to complete university studies and are contributing members of society.)

- (a) **Recommending authority**
Head, School of Electrical Engineering and Computer Science.
- (b) **Eligibility**
The prize is available to final year students enrolled in any field within the electrical engineering discipline in the Bachelor of Engineering or Bachelor of Engineering (Honours), or Bachelor of Engineering (Honours)/ Master of Engineering, or an engineering dual program.
- (c) **Basis for award**
The prize will be made to reward the student who submitted the best thesis in the electrical engineering discipline.
- (d) **Nature of prize**
\$2,000.
- (e) **Other provisions**
The prize cannot be shared.

Nanette Gottlieb Japanese Language Prize

(Established in 2013 and funded by an endowment fund created by a gift from Professor Nanette Gottlieb and further subscriptions from the University's Japanese language community.)

- (a) **Recommending authority**
Head, School of Languages and Cultures.

- (b) **Eligibility**
Students enrolled in the BA program who have completed JAPN1011, JAPN1012, JAPN2021 and JAPN2022 and are currently enrolled in JAPN3010 and JAPN3020.
- (c) **Basis for award**
The student with the highest combined mark in JAPN1011, JAPN1012, JAPN2021 and JAPN2022.
- (d) **Nature of prize**
Money to the value of at least \$1,750, but limited to the annual income from the fund.

Neil May Memorial Prize

(Established in 1976 by gift of \$1 200 from Mrs Pauline May in memory of her late husband, the late Dr N. D. S. May, Foundation Head of the Department of Veterinary Anatomy.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
Students enrolled in their second year of a Bachelor of Veterinary Science or Bachelor of Veterinary Science (Honours).
- (c) **Basis for award**
Highest cumulative marks in VETS1021, VETS2011 and VETS2012.
- (d) **Nature of prize**
Money to the value of at least \$1,450, but limited to the annual income from the fund.

Neville G. Sutton Prize in Surgery

(Originally established in 1963 as the Neville G. Sutton Bursary in Surgery, to honour Professor Neville G. Sutton, upon his retirement from active University teaching. Professor Sutton was first Lecturer-in-Charge and later Professor of Surgery in 1937–1962 and Dean of the Faculty of Medicine 1957–1962. The Bursary was converted to a prize in 2002.)

- (a) Medical Dean, Faculty of Medicine.
- (b) Year 3 MBBS or MD students.
- (c) Highest mark in the surgery rotation.
- (d) Money.

Noel James Holt Memorial Prize

(Established in 1993 and maintained by the income from a gift of \$4,000 made by Pioneer International Limited in memory of Mr Noel Holt, a former General Manager of the Company.)

- (a) **Recommending authority**
Head, School of Civil Engineering.
- (b) **Eligibility**
Any student enrolled in the Bachelor of Engineering or Bachelor of Engineering (Honours), or an engineering integrated program, or an engineering dual program, in any field within the civil engineering discipline.
- (c) **Basis for award**
Best overall performance in the first attempt at CIVL2210.
- (d) **Nature of prize**
Books worth \$300.

Norman Sheridan Memorial Prizes

(The prizes were established in 2013 in memory of Dr Norman Sheridan for his 42 years of dedicated service to his profession at The University of Queensland and his life's commitment to engineering education, particularly in the field of thermodynamics and, later, that of solar energy and other renewable energies. The prizes are supported through an endowment given by his family and friends.)

- (a) **Recommending authority**
Head, School of Mechanical and Mining Engineering.
- (b) **Eligibility**
Students enrolled in the mechanical engineering discipline.
- (c) **Basis for award**
Prize 1: Highest mark in the first attempt at MECH3400
Prize 2: Highest mark in the first attempt at ENGY4000.
- (d) **Nature of prize**
The value of each prize will be approximately equal to half of the distributable annual income from the fund.

N.V. Varghese Prize for Comparative Education

(Established in 2001 by the Varghese family as a memorial to the late N.V. Varghese, a former staff member of the School of Education. The Prize is maintained from the income of a bequest of \$15,000 by the late N.V. Varghese.)

- (a) Head, School of Education on the advice of a selection committee appointed annually by the Head of School.
- (b) Students completing a MPhil or PhD in the broad field of comparative education.
- (c) Best thesis.
- (d) Money.

O.A. Jones Memorial Prize

(Established in 1983 as a memorial to the late Dr O.A. Jones, a former Reader in the Department of Geology and Mineralogy and maintained by the income from a fund of \$2,830 donated by former colleagues, family and friends.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
Students enrolled within the School of Environment.
- (c) **Basis for award**
Greatest proficiency in third level courses in the field of earth science.

- (d) **Nature of prize**
Money to the value of at least \$1,000, but limited to the annual income from the fund.

O'Brien Family Prize for Wind and Brass

(Established in 2018, the prize was initially supported by an annual gift from the Alumni Friends of The University of Queensland and is now maintained by the O'Brien family, in recognition of their long association with the School of Music.)

- (a) **Recommending authority**
Head, School of Music.
- (b) **Eligibility**
Any student enrolled in a University of Queensland program at the time of the annual competition.
- (c) **Basis for award**
Most outstanding performance in wind or brass as determined at the annual competition held by the School of Music.
- (d) **Nature of prize**
\$1,000.

Ola Mary MacPherson Prize

(Established in 1991 and maintained from a bequest of \$5 000 by the late O. M. MacPherson, the first female to graduate with a Bachelor of Veterinary Science from the university.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science after consultation with a selection committee, comprising –
(i) the Head of School, School of Veterinary Science (or nominee) as Chair; and
(ii) at least two academic staff members teaching in the Bachelor of Veterinary Science (Honours) program.
- (b) **Eligibility**
The prize is available to female students who have submitted an application by the closing date as determined by the Associate Dean (Academic) and are completing the Bachelor of Veterinary Science (Honours) program.
- (c) **Basis for award**
The prize will be made to reward the student who is the most outstanding applicant based on –
(i) academic achievement in the courses undertaken to date; and
(ii) strength of personal statement outlining their initiative, imagination and practicality in coping and contending with problems throughout the program.
- (d) **Nature of prize**
At least \$1,000 but limited to the annual income from the fund.

"Ollie" Paterson Prize

(Established in 1984 and maintained by a gift of \$5,000 from Mineral Deposits Limited to perpetuate the memory of Oliver Douglas Paterson who served the University as a Senior Lecturer in Mining Engineering and later became Managing Director of Mineral Deposits Limited.)

- (a) Associate Dean (Academic), Faculty of Engineering, Architecture and Information Technology, on advice from the head of school of each of the following disciplines –
(i) mining engineering;
(ii) chemical and metallurgical engineering;
(iii) chemical and materials engineering;
(iv) mechanical and materials engineering.
- (b) Students completing an Approved Program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) or integrated Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering, or a dual program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) program in the following disciplines –
(i) mining engineering;
(ii) chemical and metallurgical engineering;
(iii) chemical and materials engineering;
(iv) mechanical and materials engineering.
- (c) Best seminar in the program.
- (d) Money.

Ossie Anderson Prize in Mining Engineering

(Established in 1990 in memory of the late Ossie Andersen and maintained by annual gifts from his daughter, Dr K.P. Filmer, and her family. The Prize commemorates the many contributions made to the mining industry by Mr Andersen during his employment in the Inspectorate of the Queensland Mines Department. Mr Andersen who retired in 1973 was an enthusiastic supporter of the safe and economic development of the mining industry for the nation's benefit.)

- (a) **Recommending authority**
Head, School of Mechanical and Mining Engineering, on advice from the Head, Division of Mining Engineering.
- (b) **Eligibility**
Students in the third year of the Bachelor of Engineering or Bachelor of Engineering (Honours) or a dual program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) program in any field of engineering within the mining engineering discipline.
- (c) **Basis for award**
Highest aggregate marks from first and second semester mining laboratory reports.
- (d) **Nature of prize**
Books to the value of \$400.

Oz Minerals Prize

(Established in 1948 as the Zinc Corporation Scholarship by a gift of \$10,000 from the Zinc Corporation Limited, and altered to the Zinc Corporation Prize in 1969. The prize was renamed the Pasminco Prize in 2001 and further renamed to the Zinifex Prize in 2004 and then the Oz Minerals Prize in 2014.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Engineering, Architecture and Information Technology after consultation with the Director, Sustainable Minerals Institute.
- (b) **Eligibility**
Students who, in either the year of the award or the preceding year –
 - (i) graduated with a Master of Philosophy (or equivalent) or Doctor of Philosophy; and
 - (ii) whose postgraduate work was in the broad field of mineral processing or extractive metallurgy.
- (c) **Basis for award**
Most worthy.
- (d) **Nature of prize**
Money.
- (e) **Other provisions**
The Associate Dean (Academic) will determine the number of prizes to be awarded each year.

Patricia Mary Poacher Prize

(Established in 1994 in honour of Patricia Mary Poacher, a past member of the Queensland State Vigoro team, and maintained by the income from a fund donated by her family.)

- (a) **Recommending authority**
Head of School of Human Movement and Nutrition Sciences.
- (b) **Eligibility**
Undergraduate students who have completed one of the following courses –
 - (i) History of Sport and Physical Activity in Australian Society;
 - (ii) Playing on the Big Stage: Histories of the Olympics and Paralympics.
- (c) **Basis for award**
Best essay written in the relevant course.
- (d) **Nature of prize**
Money to the value of at least \$450, but limited to the annual income from the fund.

Paul Crook Honours Thesis Prize

(Originally established in 2000 and maintained by the Department of History, the prize has been funded since 2016 by a donation from UQ alumnus Harry Kriewaldt [BA (Hons) 2007]. That year the prize was named after Emeritus Professor Paul Crook, who taught history at The University of Queensland from 1962 until 1998 and has served as a supervisor, mentor, and advocate for students embarking on their research careers through their thesis.)

- (a) **Recommending authority**
Head, School of Historical and Philosophical Inquiry.
- (b) **Eligibility**
The prize is available to students who completed Honours in the field of History in the year of the award.
- (c) **Basis for award**
The prize will be made to reward the student who submitted the best thesis.
- (d) **Nature of prize**
At least \$1,350 but limited to the annual distribution from the fund.
- (e) **Other provisions**
A copy of the winning thesis will be made available to the donor and Emeritus Professor Paul Crook.

Paul McLean Prize in Ethics

(Established in 1996 as a memorial to the late Paul McLean and maintained by a fund obtained from the sale of his library.)

- (a) **Recommending authority**
Head, School of Historical and Philosophical Inquiry.
- (b) **Eligibility**
Any student.
- (c) **Basis for award**
Most meritorious performance in an advanced course in Moral Philosophy.
- (d) **Nature of prize**
50% of the income of the fund.

Paul McLean Prize in Logic

(Established in 1996 as a memorial to the late Paul McLean and maintained by a fund obtained from the sale of his library.)

- (a) **Recommending authority**
Head, School of Historical and Philosophical Inquiry
- (a) **Eligibility**
Any student.
- (b) **Basis for award**
Most meritorious performance in an advanced logic course in the Discipline of Philosophy.
- (c) **Nature of prize**
50% of the income from the fund.

Percy Brier Memorial Prize

(Founded in 1972 by an initial gift of \$1,600 and a further gift in 1979 of \$1,000 from Mr Eric B. Brier, BE, MICE, FIEAust, and subsequently augmented by gifts of cash and shares from Miss Ella Brier. This prize was established in memory of Mr Brier's late father Percy Brier, FTCL, ARCO, who, from 1906 to 1970, practised as a professional musician and teacher of music in Queensland and who made a noteworthy contribution to music in this State by his collection of material relating to the early musical history of Queensland.)

- (a) Head, School of Music.

- (b) Any student.
- (c) Composition of greatest promise submitted under the conditions of the award imposed for that year by the Head of School of Music.
- (d) Money consisting of that portion of the income from the fund for the preceding financial year available for the Prize under the terms of the endowment.

Performance Health Prize in Occupational Therapy

(First established in 1984 as the Smith and Newpew Prize in Occupational Therapy. Since 2017 the prize has been maintained by Performance Health.)

- (a) **Recommending authority**
Head, School of Health and Rehabilitation Sciences.
- (b) **Eligibility**
BOccThy and MOccThySt students.
- (c) **Basis for award**
Highest mark for first attempt at either OCTY2210 or OCTY7828.
- (d) **Nature of prize**
Books or equipment to the value of \$300.
- (e) **Other provisions**
If the result is tied, the prize is to be awarded to the student with the highest proficiency in components other than group work.

Peter Hale COX Architecture Prize

(Established in 2001, the Peter Hale COX Architecture Prize is named in honour of Peter Hale – a much-loved colleague whose impact on the architectural profession was significant. The prize aims to help students develop a better understanding of the role of an architect in the community, promote a positive attitude towards professional support for students, encourage registration as an architect, and involve architectural practices in the training and professional growth of graduates transitioning from education to the profession.)

- (a) **Recommending authority**
Head, School of Architecture, Design and Planning.
- (b) **Eligibility**
The prize is available to students completing the Master of Architecture.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the best GPA in the subject areas of design, technology and practice studies.
- (d) **Nature of prize**
\$3,500.

Peter Wood Memorial Prize in Planning

(Established in 1997 and maintained by a gift of \$10,000 from the estate of the late Dr Peter Wood in accordance with the wishes of his children.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Humanities, Arts and Social Sciences
- (b) **Eligibility**
The prize is available to graduating international students in the Master of Development Practice program in the field of development planning.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the highest GPA in 8 units within the field of development planning.
- (d) **Nature of prize**
At least \$1,450, but limited to the annual income from the fund.
- (e) **Other provisions**
In making a recommendation, consideration will be given to the candidate's achievement in terms of the candidate's effort throughout the program, the overcoming of any obstacles to study or performance and the candidate's GPA.

Peters Family Medical Prize

(Established in 2020, Professor Lester Peters AM (Bachelor of Medicine & Bachelor of Surgery (Hons), 1966) was appointed in 1995 to the inaugural Chair of Radiation Oncology at the Peter MacCallum Cancer Centre and the University of Melbourne. Prior to this, Lester was Professor and Chairman of the world renowned Department of Radiation Oncology at the University of Texas MD Anderson Cancer Centre in Houston from 1982-1995. His long-time research focus has been on application of applied radiobiology to the treatment of head and neck cancer for which he enjoys international recognition. In 2001 he was awarded Member of the Order of Australia for service to medical research, education and clinical practice in the field of radiation oncology. Professor Peters and his wife, Desley, wish to establish the Peters Family Medical Prize to honour the student of rural and remote background who receives the highest marks in his/her medical school studies in the UQ Faculty of Medicine.)

- (a) **Recommending authority**
Medical Dean, Faculty of Medicine.
- (b) **Eligibility**
Students from a rural background completing the MD program in the year of award.
- (c) **Basis for award**
Students with the highest achievement in the MD program.
- (d) **Nature of prize**
\$10,000 which may be split between two equally meritorious students.
- (e) **Other Provisions**
 - (i) To determine highest achievement in the MD program, the methodology prescribed in accordance with the

- University's procedures on award of university medals will be used.
- (ii) In the event that there are more than two qualified students with equal achievement, the Medical Dean will recommend the two students from the most rural background as defined by the Modified Monash Model.

Pfizer Prize

(Founded in 1941 and maintained by a fund of \$600 established by gifts from Parke-Davis & Company. Parke-Davis has subsequently been absorbed by Pfizer Australia.)

- (e) **Recommending authority**
The prize shall be awarded on recommendation from the Dean, Medical School after consultation with a selection committee, comprising –
(i) the Dean, Medical School or nominee, as Chair; and
(ii) at least two members of the academic staff teaching in the field of pharmacology and therapeutics.
- (f) **Eligibility**

Head, School of Law.
- (b) **Eligibility**
The prize is available to students who are enrolled in the Bachelor of Laws or Bachelor of Laws (Honours) or dual program including the Bachelor of Laws or Bachelor of Laws (Honours).
- (c) **Basis for award**
The prize will be made to support and encourage the student who achieved the highest overall mark in the first attempt at either *Advanced Tax* or *Personal and Corporate Insolvency* depending on the year of delivery (these courses are offered in alternate years).
- (d) **Nature of prize**
\$3,500.

SAS Merit Prize for Data Science

(Established in 2018, maintained by annual gift from SAS Institute Australia Pty Limited.)

- (a) **Recommending authority**
Head, School of Information Technology and Electrical Engineering.
- (b) **Eligibility**
 - (i) Enrolled students who have completed a minimum 8 units in the Master of Data Science; and
 - (ii) Has completed at least one module of SAS data science academic certification approved by The University of Queensland
- (c) **Basis for award**
The highest cumulative Grade Point Average at the end of second semester of the year of award
- (d) **Nature of prize**
\$1,000.

School of Chemical Engineering Program Prizes

(Established in 2010 and maintained by annual funding from the School of Chemical Engineering to acknowledge students who achieve the greatest proficiency in each field of chemical engineering and environmental engineering.)

- (a) Head, School of Chemical Engineering.
- (b) Any student who is –
 - (i) enrolled in an approved undergraduate Engineering program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) or integrated Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering program or a dual program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) program, in each field of the chemical engineering discipline.
 - (ii) graduating in the year in which the prize is awarded.
- (c) Highest GPA in the Bachelor of Engineering or Bachelor of Engineering (Honours) or integrated Bachelor of Engineering (Honours) / Master of Engineering program.
- (d) Medal.
- (e) One medal will be awarded to a student in each of the fields specified in rule b(i).

School of Chemistry and Molecular Biosciences Academic Excellence Award in Biochemistry

(Established in 2007 and maintained by ongoing financial commitment from the School of Chemistry and Molecular Biosciences.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
Students enrolled in a program administered by the Faculty of Science.
- (c) **Basis for award**
Best overall marks in –
 - (i) #4 of level 2 courses; and
 - (ii) #8 of level 3 courses,
 in the discipline of biochemistry with at least one of the courses completed in the year of award.
- (d) **Nature of prize**
\$500.
- (e) **Other Provisions**

A recipient cannot be awarded the prize more than once.

School of Chemistry and Molecular Biosciences Academic Excellence Award in Microbiology and Parasitology

(Established in 2007 and maintained by ongoing financial commitment from the School of Chemistry and Molecular Biosciences.)

- (a) Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) Eligibility**
The prize is available to students enrolled in a program in the field of microbiology and/or parasitology administered by the Faculty of Science.
- (c) Basis for award**
The prize will be made to reward the student who achieved the highest combined average marks across –
 - (i) 2 units from MICR2000 or MICR2900; and
 - (ii) 8 units of level 3 MICR coded courses administered by the School of Chemistry and Molecular Biosciences, and PARA3002,with at least one course completed in the year of the award.
- (d) Nature of prize**
\$500.
- (e) Other Provisions**
A recipient cannot be awarded the prize more than once.

School of Environment Honours Prize

(Established by the School of Biological Sciences in 2012 from a generous bequest from the estate of Mr John Patrick Salisbury to support the purpose, activities and endeavours of the School of Biological Sciences).

- (a) Recommending authority**
Associate Dean (Academic), Faculty of Science
- (b) Eligibility**
Bachelor of Science (Honours) or Bachelor of Advanced Science (Honours) students enrolled in the School of the Environment
- (c) Basis for award**
Highest Honours overall percentage mark for students completing in Semester 1 and highest overall percentage mark for students completing in Semester 2
- (d) Nature of prize**
At least \$3,000 for each semester's prize but limited to the annual income from the fund.

School of Pharmacy, HDR Student Best Publication Awards

- (a) Recommending authority**
A Selection Committee, comprising:
 - (i) the Head of the School of Pharmacy and Pharmaceutical Sciences, or nominee, as Chair of the Committee; and
 - (ii) the School of Pharmacy and Pharmaceutical Sciences Postgraduate Coordinator, or nominee; and
 - (iii) the School of Pharmacy and Pharmaceutical Sciences Research Strategies Committee Chair, or nominee; and
 - (iv) two members of the School of Pharmacy and Pharmaceutical Sciences academic staff.
- (b) Eligibility**
PhD and MPhil students and graduates who:
 - (i) were the primary authors (first listed) of a research article affiliated with the School of Pharmacy and Pharmaceutical Sciences and published in the year preceding the year of the award; and
 - (ii) were enrolled in the PhD or MPhil program administered by the School of Pharmacy and Pharmaceutical Sciences when the research leading to the publication was carried out.
- (c) Basis for award**
Awards are for the Best Publication in the School of Pharmacy and Pharmaceutical Sciences Research Areas and Research Centres as follows:
 - (i) Prize 1: Best Publication in one of the following fields: Clinical Pharmacy and Pharmacometrics; Medication Use, Safety and Health Services Research; Pharmacoepidemiology, Pharmacovigilance and Pharmacoeconomics; or Pharmacy Education.
 - (ii) Prize 2: Best Publication in one of the following fields: Biotherapeutic Delivery and Diagnostic Solutions; Pharmaceutical Biology; or Biomedical Discovery and Development.
 - (iii) Highly Commended: up to four highly commended publications may be awarded at the discretion of the Selection Committee.
- (d) Nature of prize**
 - (i) The best publications as determined by the Selection Committee will receive a certificate and \$1000 for each Prize.
 - (ii) Highly commended publications as determined by the Selection Committee will receive a certificate and \$500.
- (e) Other provisions**
 - (i) Applicants must apply to the School of Pharmacy and Pharmaceutical Sciences by the date set by the School of Pharmacy and Pharmaceutical Sciences Postgraduate Coordinator; and
 - (ii) An applicant may submit only one publication for consideration in the year of the award.

School of the Environment Genetics Prize

(Established by the School of Biological Sciences in 2012 from a generous bequest from the estate of Mr John Patrick Salisbury to support the purpose, activities and endeavours of the School of Biological Sciences).

- (a) Recommending Authority**
Associate Dean (Academic), Faculty of Science

- (b) **Eligibility**
The prize is available to students enrolled in the second year of the Bachelor of Science or the Bachelor of Advanced Science (Honours) in the year of the award, who have completed at least 6 units of courses administered by the School of the Environment.
- (c) **Basis of Award**
The prize will be made to reward the student who achieved the highest overall mark in the first attempt at the second-year course in the field of Genetics.
- (d) **Nature of Prize**
At least \$1,000 but limited to the annual distribution from the fund.

SCMB Postgraduate Coursework Prize

(Established in 2013 and maintained by annual funding from the School of Chemistry and Molecular Biosciences.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
The prize is available to students who have completed the final semester of the Master of Bioinformatics, Master of Bioinformatics Research Extensive, the Master of Biotechnology, Master of Biotechnology Research Extensive, the Master of Molecular Biology or the Master of Molecular Biology Research Extensive in the year of the award.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the best GPA in the Master of Bioinformatics, Master of Biotechnology or Master of Molecular Biology programs.
- (d) **Nature of prize**
Value to be determined by the Associate Dean (Academic), Faculty of Science.

S.D. Golding Postgraduate Geochemistry Prize

(Established by Professor Sue Golding in 2018. Professor Golding is a treasured staff member and an alumnus of The University of Queensland. Throughout the 1970s she worked in resource exploration and production in Australia and South Africa. Sue played a major role in development and management of isotope geochemistry facilities in the School of the Environment Sciences, and this prize was established to recognize and reward excellence in a peer reviewed paper authored by a student.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science on advice from the Head of School, School of the Environment.
- (b) **Eligibility**
The prize is open to students who have submitted an application by the due date and are enrolled in one of the following programs –
 - (i) Bachelor of Science (Honours) (Earth Science)
 - (ii) Bachelor of Advanced Science (Honours) (Earth Science)
 - (iii) Graduate Certificate in Mineral Resources
 - (iv) Graduate Diploma in Mineral Resources
 - (v) Master of Mineral Resources
 - (vi) Master of Philosophy
 - (vii) Doctor of Philosophy
- (c) **Basis for award**
Best peer reviewed published paper on geochemistry as decided by the School of the Environment Research Committee.
- (d) **Nature of prize**
The annual value of the prize is equal to the annual income from the fund.

SIMTARS Dr Peter Golledge Prize for Mine Safety Research Excellence

(Established in 1996 by a gift of \$16,000 from SIMTARS (Safety in Mines Testing and Research Station), to commemorate 45 years of service by Peter Golledge, a nationally and internationally renowned mining research engineer who has dedicated his career - both in Australia and elsewhere in the mining world (including Africa, Canada and the United Kingdom) - to improving health and safety in the industry.)

- (a) **Recommending authority**
The Head, School of Mechanical and Mining Engineering, on advice from the Professor of the mining engineering discipline.
- (b) **Eligibility**
Undergraduate and postgraduate mining engineering students.
- (c) **Basis for award**
Most outstanding undergraduate or postgraduate mining engineering thesis with a demonstrable link with improved safety in the mining industry sector.
- (d) **Nature of prize**
Money.
- (e) **Other provisions**
A student who has been awarded the Department of Natural Resources, Mines and Energy Mines Chief Inspector's Award for Excellence in Mine Safety is not eligible for this prize.

Sir Charles Barton Prize

(Established in 1988 and maintained by the income from a bequest of \$7,000 made to the University by Sir Charles Newton Barton.)

He was a Professor of Chemistry from 1940 and a member of the Senate for 25 years. From 2007, the prize is maintained by annual funding from the School of Chemistry and Molecular Biosciences. The name of the prize was amended in 2008.)

(a) Recommending authority

Associate Dean (Academic), Faculty of Science.

(b) Eligibility

The prize is available to students enrolled in a program administered by the Faculty of Science.

(c) Basis for award

The prize will be made to reward the student who achieved the highest combined average marks across 4 units from CHEM3001/CHEM3901 and/or CHEM3010/CHEM3910 and/or CHEM3011 completed in the last 2 years, with at least one course completed in the year of the award.

(d) Nature of prize

\$400.

The Ellen Julia Bourke Prize in History

(Established in 1987 by a gift of \$5 000 from N.T.P. Keleher in memory of his sister Ellen Julia Bourke.)

(a) Recommending authority

Head, School of Historical and Philosophical Inquiry.

(b) Eligibility

Students enrolled in a degree administered by the Faculty of Humanities and Social Sciences.

(c) Basis for award

Highest mark for first attempt at second year studies in Australian history, specifically HIST2247.

(d) Nature of prize

Money.

The John Bostock Prize in Psychiatry

(Established in 1961 as a tribute to Research Professor John Bostock, formerly Senior Psychiatrist to the Brisbane Hospital and Research Professor in Medical Psychology at the University of Queensland, and maintained by an annual gift from the Queensland Branch of the Royal Australian and New Zealand College of Psychiatry.)

(a) Recommending authority

Dean, Medical School.

(b) Eligibility

Students who are undertaking all year 3 compulsory courses in the MBBS or MD program at The University of Queensland, for the first time.

(c) Basis for award

The Prize will be made to reward the student who achieved the greatest proficiency in the progressive summative assessment in the mental health rotation in year 3.

(i) The Prize will be presented at the Annual Meeting of the Queensland Branch of the Australian Medical Association.

(ii) The Prize cannot be shared.

The Physics Prizes

(Established in 2007 and maintained by the income of an endowment fund established from a gift to the University.)

(a) Recommending authority

Associate Dean (Academic), Faculty of Science after consultation with the Head, School of Mathematics and Physics and the Head of Physics.

(b) Eligibility

The prizes are available to the following students –

Prize 1 – any student who is enrolled in PHYS1001 and PHYS1002.

Prize 2 – any student who is enrolled in PHYS2020, PHYS2041 or PHYS2941 and PHYS2055 or PHYS2955.

Prize 3 – any student who is enrolled in any three of PHYS3020 or PHYS3920, PHYS3040, PHYS3051 or PHYS3951, and PHYS3900

(c) Basis for Award

The prizes will be made to reward the student who –

Prize 1 – achieved the highest overall marks in the first attempt at PHYS1001 and PHYS1002.

Prize 2 – achieved the highest overall marks in the first attempt at PHYS2020, PHYS2041 or PHYS2941 and PHYS2055 or PHYS2955.

Prize 3 – achieved the highest overall marks in the first attempt at any three of PHYS3020 or PHYS3920,

- PHYS3040, PHYS3051 or PHYS3951, and PHYS3900 (the best three marks should count when awarding the prize).
- (d) **Nature of prize**
The combined value of the prizes will be approximately \$400 but will be limited to the annual income from the fund.

Thermo Fisher Biotechnology Communication Prize

(Established in 2017 and maintained by an annual gift from Thermo Fisher Scientific.)

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
Students completing the BBiotech(Hons) program.
- (c) **Basis for award**
Best combined marks in the research proposal seminar and the final seminar which is part of the assessment in BIOT6121, BIOT6122 or BIOT6123 (or equivalent).
- (d) **Nature of prize**
\$500.

The School of Social Science Honours Prize

(Established in 2023 and maintained by annual funding from the School of Social Science)

- (a) **Recommending authority**
Head of School, The School of Social Science
- (b) **Eligibility**
Students completing any Honours program owned by the School of Social Science
- (c) **Basis for award**
Highest overall percentage in the School of Social Science Honours Program for students submitting their thesis and completing all coursework by the official submission date (specified by the School).

- (a) **Recommending authority**
Head, School of Psychology.
- (b) **Eligibility**
The prize is available to students who are completing a Doctorate, Master of Clinical Psychology or Master of Clinical Neuropsychology and Clinical Psychology in the year of award.
- (c) **Basis for award**
The prize will be made to reward the student who achieved the best individual thesis in psychology.
- (d) **Nature of prize**
\$200.

Tiffany Dobbs Memorial Prize

(Established in 2015 in memory of Tiffany Dobbs and funded by a donation from Kentucky Equine Research)

- (a) Associate Dean (Academic) Faculty of Science.
- (b) Bachelor of Equine Science or Bachelor of Applied Science (Equine Science) students.
- (c) Highest mark in the course titled 'Equine Nutrition and Health'.
- (d) \$500.

Tom Keightley Ewer Memorial Prize in Animal Husbandry

(Established in 1998 by a gift from the estate of the late Professor TK Ewer, who became the first Dean of Veterinary Science appointed when the School of Veterinary Science re-opened after World War II).

- (a) **Recommending authority**
Associate Dean (Academic), Faculty of Science.
- (b) **Eligibility**
BVSc and BVSc(Hons) students.
- (c) **Basis for award**
Highest marks in:
VETS1025 – Animal Management for Vets
ANIM2501 – Applied Animal Nutrition and Grazing Management, and
VETS4034 – Theriogenology
- (d) **Nature of prize**
Money to the value of at least \$500.

Tony Murphy Prize in Electrical Engineering

(Established in 1984 to perpetuate the memory of Tony Murphy, an engineering graduate of the University, and maintained by the income from a fund subscribed by a major donation from the parents of Tony Murphy and donations from his former co-students, staff of the University and friends.)

- (a) **Recommending authority**
Head, School of Information Technology and Electrical Engineering.
- (b) **Eligibility**
Domestic students in accordance with The University's Fee Policy completing the Bachelor of Engineering or Bachelor of Engineering (Honours) or the integrated Bachelor of Engineering / Master of Engineering or Bachelor of Engineering (Honours) / Master of Engineering or a dual program that includes the Bachelor of Engineering or Bachelor of Engineering (Honours) program in Electrical Engineering.
- (c) **Basis for award**
Most improved student.
- (d) **Nature of prize**
Money.

University of Queensland Library Excellence Award

(Established in 2006 and maintained by an annual gift from The University of Queensland Library.)

Van Niel International Prize for Studies in Bacterial Systematics

(Established in 1986 by a contribution of \$10 000 being funds derived from the International Committee on Systematic Bacteriology (now known as International Committee on Systematics of Prokaryotes) and a donation from Professor V B D Skerman of the Department of Microbiology, in honour of the contribution of scholarship in the field of Microbiology of Professor Cornelis Bernardus van Niel who died in 1985.)

- (a) **Recommending authority**
Head, School of Chemistry and Molecular Biosciences following consultation with the Chair and Executive Secretary of the International Committee on Systematics of Prokaryotes, a committee of the Bacteriology and Applied Microbiology Division of International Union of Microbiological Societies.
- (b) **Eligibility**
The prize is available to any person.
- (c) **Basis for award**
The prize will be made every three years to reward the most distinguished contribution in the field of Bacterial Systematics.
- (d) **Nature of prize**
 - (i) at least \$4,500 but limited to the triennial distribution from the fund (at the discretion of the Head, School of Chemistry and Molecular Biosciences);
 - (ii) a prize certificate; and
 - (iii) a written citation.
- (e) **Other provisions**
The prize is awarded at Congress of the Bacteriology and Applied Microbiology Division of the International Union of Microbiological Societies (BAM-IUMS) or other Systematics-relevant conference.

VIPAC Advanced Dynamics & Vibrations Prize
