THE HENRY MADDICK SCHOLARSHIP

(Established in 1968 by a bequest of an amount of $6,000 to the University by the late Mary Maddick as a memorial to Henry Maddick, Esq., Electrical Wholesaler of Brisbane.)

1. The scholarship is to be awarded each year by Senate on the recommendation of the Head, School of Mechanical and Mining Engineering (the Head).

2. A student is eligible for the scholarship for a year, if, in the year, the student is enrolled in the fifth semester of the Bachelor of Engineering or Bachelor of Engineering (Honours) in either of the following fields:
   (a) mechanical engineering;
   (b) mechanical and aerospace engineering.

3. The Head must recommend that the scholarship be awarded to the eligible student who, in the Head's opinion, has demonstrated, during the first 4 semesters of the program, the best performance of all of the eligible students who were enrolled in the program during those semesters.

4. In forming that opinion, the Head must pay particular attention to the capacity of the eligible students to perform original work.
